Subject: Request for Concurrence on purpose statement for BDCP CM1

Mike and Mike - Thanks for meeting with us to discuss the USACE permitting for BDCP implementation actions. I noted one of the action items from that meeting was for DWR to draft a revised purpose statement for implementation of BDCP conservation measure 1: water operations and conveyance, based on the approach discussed in the meeting. Attached is a file with the revised statement as well as a letter to Col Leady requesting concurrence on the statements. Please review and let me know if you have any questions or comments.

Thanks much, Cassandra
